

UTC 2023

Call for Speakers

The Urban Transport Conference represents one of the highlights of the events organized by the Research Lab for Urban Transport and the House of Logistics and Mobility GmbH each year. The conference will be held on 27th - 28th March 2023 (from lunch to lunch) in Frankfurt/Main, Germany. The overall theme of the conference will be **Shaping the future of urban mobility and logistics in times of high energy prices**. The conference addresses national and international speakers & participants from different sectors: research, private companies, public administration, and politics. Up to 200 participants are expected.

More details are published on www.utc-frankfurt.com.

The conference will benefit from high-class speakers. The Call for Speakers is open from now on. The submission closes on 31st January 2023. After the selection by the scientific committee, applicants will get final feedback by 15th February 2023.

Please send your application as a PDF by e-mail to orga@utc-frankfurt.com.
